

# WHY IS THIS LAWYER SO HAPPY?

Because  
he found a way to  
lower e-discovery and  
computer forensic costs.

He found Sensei Enterprises.

Since 1997, Sensei Enterprises, Inc. has provided computer forensics and electronic discovery services to law firms and businesses throughout the country. Sensei is a small, boutique firm with a national reputation for integrity, service and professionalism. We give the same careful attention to each client and each case, no matter how large or small.

Our certified experts have a proven track record of excellence in data harvesting, analysis, production and expert testimony.

Why are our costs so reasonable? Because big firms spend millions of dollars on advertising and overhead expenses and have to recoup those expenditures. At Sensei, you'll get an estimate right up front for the work you identify – and you'll be notified of any significant deviation and asked for approval before additional charges are incurred.

Sensei's founders, Sharon D. Nelson, Esq. and John Simek, are renowned experts in the field. They are often on the road educating lawyers across the country on computer forensics and e-discovery issues. These are the folks who "wrote the book" on e-discovery: *The Electronic Evidence and Discovery Handbook* (ABA).

It was Sensei that defense counsel turned to when they needed help in the Washington Sniper case and the Duke Lacrosse rape case. Even the FBI, the DOJ and the U.S. Senate have called us in on cases. When you need help with computer forensics and electronic discovery, call Sensei. We'll be with you every step of the way, with pricing you – and your clients – will love.
